NS L3 Certificate	1
-------------------	---

Document purpose. This certificate is the formal L3 supersession review document for the NFC NS branch-successor pilot.

NS Branch L3 Equivalence Certificate

Posture: domain-bounded-cert-close

L3 gate: PASSED (9/9 criteria)

Active frontier: front:NS.main — Stage-3 Global Unconditional Regularity (Clay Prize)

Supersession: none

NS reaches domain-bounded conditional CERT-CLOSE via the NS.6.1+NS.7.1 chain under Phase-A/K_0=7/PASS/L

2. Stage-3 global unconditional regularity (Clay Millennium Prize) is the external frontier. ob

Note: Stale-posture correction: preamble says frontier-blocked; actual posture is domain-bounded-cert-close.
